RE: TESTIMONIAL

I am Joyee Tan, as the owner of three beauty salons, I have been looking for a reliable accountant to handle our financial affairs. I am fortunate to have found KEM. They are renowned for their professionalism, efficiency, and reliability. KEM's expertise in financial details and solid professional knowledge allow us to focus on our business without worrying about accounting matters.

Their understanding of our financial situation and the valuable advice they provide are greatly appreciated, along with their impressive work attitude and customer approach. Our team at Débeau is very satisfied with the cooperation process with KEM.

I firmly believe that KEM is an indispensable part of our Débeau, and I sincerely thank KEM for all their efforts and contributions to us.

Sincerely,

Joyee Tan
